

E650-DI

PURE WATER CLEANING MACHINE

Designed to fit medium vans and trailers, the Brodex E-Compact 650 Litre Deionisation System is part of the latest generation of window cleaning equipment.

KEY POINTS

- Water fed pole system
- 100% Safety record
- Very low maintenance
- Negligible running costs
- Easy to use
- Lifetime customer support service

E-Compact 650DI - Van or Trailer Mounted

Built for professional window cleaners from high-impact polypropylene, with quality components throughout. 30% more capacity than the 500L system and with double the operators, suited to domestic or commercial use.

This model produces Pure Water quickly through a resin based filtration system, removing impurities, calcium, magnesium, minerals and is suitable for soft water areas. The maintenance is very low and the consumables are simple and quick to change.

- Uses a vertical resin system, which is 80% more efficient than horizontal resin vessels
- Allows for 4 operators at once, thus increasing your profits.

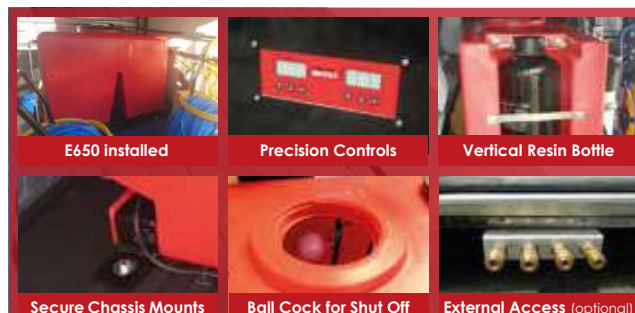

You may wish to consider the RO alternative, since although at higher initial cost, the RO has significantly lower resin-life - often as much as 20 times. So, even in soft water areas, it is better value in the long run.

100% Safety Record

Our systems are securely mounted, using our steel Tanksafe Bracket, to and through the floor to the chassis of your vehicle for absolute safety. We always recommend that you install a steel bulkhead for the safety of the driver and passenger in the event of a head-on collision.

FROST ADVICE

Avoid letting your system freeze, as this will potentially cause expensive damage which will result in items needing replacements.

- **Capacity:** 650 Litres
- **Fill-time (based on 50psi mains pressure):** 30 Mins
- **Work-time:** 10 hours
- **Empty Weight:** 76kg
- **Full Weight:** 726kg
- **Footprint (including bracket):** 98 x 142cm
- **Height:** 96cm
- **Maximum Operators:** 4
- **Pumps:** 2
- **DI Vessels:** 1
- **Auto-shut off when full**
- **Water Type:** Soft to Hard

Summary: Built for purpose. Fast and easy to use, with low running costs and very fast 'pay-back'. Our Trade-In option makes investing in this systems one of the best decisions you will ever make. With our **No-Quibble Guarantee** giving you peace of mind, Why go anywhere else?

SELECTING A VAN

Payload 1000kg

Typical:

- Mercedes Vito
- Vauxhall Vivaro
- Citroën Despatch
