

E650-RO

PURE WATER CLEANING MACHINE

Designed to fit all medium vans and trailers, the Brodex E-Compact 650 Litre Reverse Osmosis System is part of the latest generation of window cleaning equipment.

KEY POINTS

- Water fed pole system
- 100% Safety record
- Very low maintenance
- Negligible running costs
- Easy to use
- Lifetime customer support service

E-Compact 650RO - Van or Trailer Mounted

Built for professional window cleaners from a high-impact polypropylene, with quality components throughout. 30% more capacity than the 500L system and with double the operators, suited for domestic and commercial use.

This model produces Pure Water using Reverse Osmosis to remove 95% of impurities (particularly suitable for hard water areas) then de-ionising resin removes the remaining contaminants, enabling perfect streak-free finishes.

Although a higher initial cost, the RO has significantly lower running costs than the DI, due to greatly increased resin life (as often as 20x). So, even in soft water areas, the RO is the better value option for the long run.

- Uses a vertical resin system, which is 80% more efficient than horizontal resin vessels.
- Allows for 4 operators at once, thus increasing your profits.

100% Safety Record

Our systems are securely mounted, using our steel Tanksafe Bracket, to and through the floor to the chassis of your vehicle for absolute safety. We always recommend that you install a steel bulkhead for the safety of the driver and passenger in the event of a head-on collision.

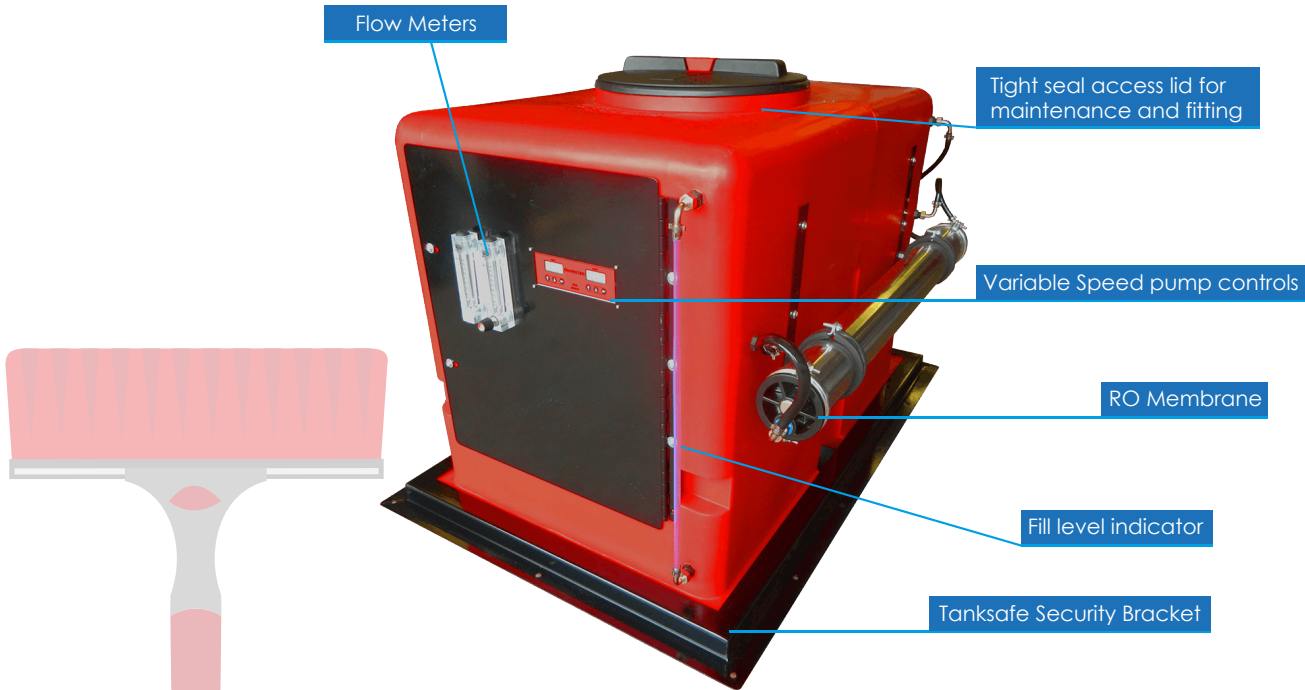

FROST ADVICE

Avoid letting your system freeze, as this will potentially cause expensive damage which will result in items needing replacements.

- **Capacity:** 650 Litres
- **Fill-time (based on 50psi mains pressure):** 6 Hours
- **Work-time:** 10 hours
- **Empty Weight:** 86kg
- **Full Weight:** 736kg
- **Footprint (including bracket):** 98 x 142cm
- **Height:** 96cm
- **Maximum Operators:** 4
- **Pumps:** 2
- **DI Vessels:** 1
- **Pre-Filters:** 1
- **RO Membranes:** 1
- **RO Housing:** Stainless Steel
- **Auto-shut off when full**
- **Water Type:** Soft to hard

Summary: Built for purpose. Fast and easy to use, with low running costs and very fast 'pay-back'. Our Trade-In option makes investing in this system one of the best decisions you will ever make. With our **No-Quibble Guarantee** giving your peace of mind, why go anywhere else?

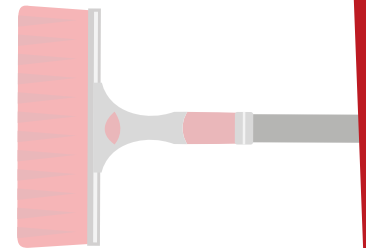

SELECTING A VAN

Payload 1000kg

Typical:

- Mercedes Vito
- Vauxhall Vivaro
- Citroën Despatch
